

Performance

EFU11E28 / EFU14E28 / EFU18E28 New Performance Collection Compact Fluorescent Lamps

- 3U-Tube Shape
- 11-18W Rated Output
- 40-70W Incandescent Equivalent Light Output
- Medium Screw-in Base (E26/24 ANSI)
- 82 CRI
- 2800K Warm Color
- 8000-Hour Long Life
- 570-1080 Initial Lumens
- Minimum Start Temp. 14°F (-10°C)
- Lightweight Design
- Consumes 70% Less Energy than Incandescent Bulbs
- Reliable Electronic Operation
- ENERGY STAR® Qualified
- Low Heat Output Lessens Air Conditioning Load

New Performance Collection Compact Fluorescent Lamps

An economical way to fulfill your indoor lighting needs.

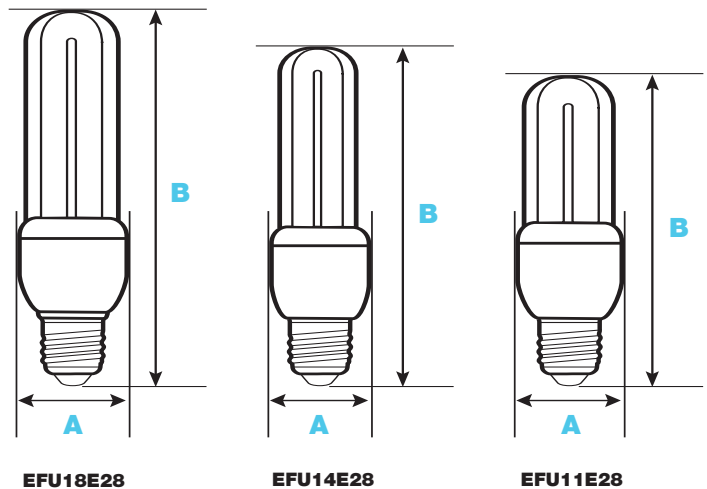

Each of the CFLs in our New Performance Collection features a lightweight 3U-tube design. Like our other high-efficiency, 120-volt Performance Series CFLs, these new additions to the Panasonic lineup provide superb lumen output and low-maintenance service. Models EFU11E28, EFU14E28 and EFU18E28 are all ideal for indoor applications such as table lamps, floor lamps, wall sconces and store merchandising. They offer 8,000-hour rated long life, ENERGY STAR® efficiency and reliable electronic operation.

Panasonic CFLs for Lifelong Quality

Panasonic compact fluorescent lamps are an efficient, economical way to light fixtures traditionally lit by incandescent bulbs. Their durable, high quality components and advanced technology assure outstanding performance. They consume less energy than incandescent bulbs, which can translate into lower power costs. They have longer service lives, so they need to be replaced less often. And, they generate less heat, which can help reduce air conditioner load.

Suggested Applications: table lamps, wall sconces, floor lamps, recessed ceiling lighting, store merchandising displays
