EFR23E28FR30

New Reflector Collection Compact Fluorescent Lamp

The New Panasonic EFR23E28FR30 CFL reflector represents state of the art technology. It is ENERGY STAR® qualified and rated for 10,000 hours. And its output of 970 initial lumens leads the industry for R30 shaped CFLs. The EFR23E28FR30 is ideal for both indoor and outdoor recessed and track lighting. It is also approved for use in damp locations.

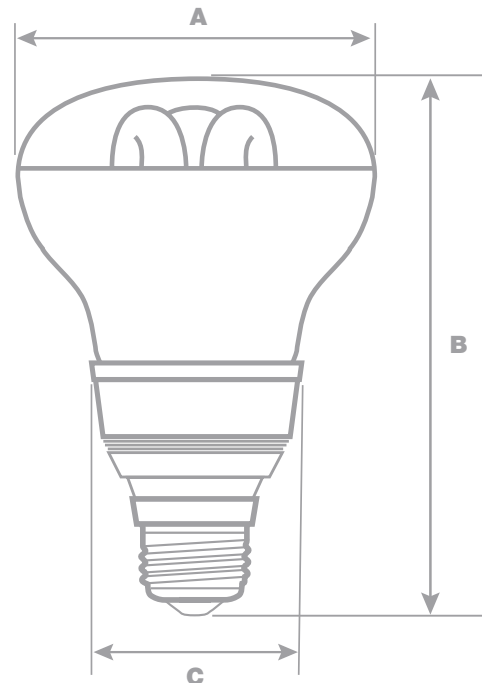

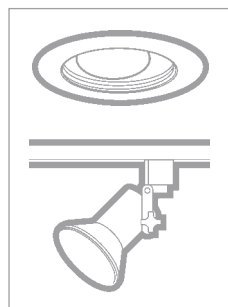

Panasonic CFLs for Lifelong Quality

Panasonic compact fluorescent lamps are an efficient, economical way to light fixtures traditionally lit by incandescent bulbs. Their durable, high quality components and advanced technology assure outstanding performance. They consume less energy than incandescent bulbs, which can translate into lower power costs. They have longer service lives, so they need to be replaced less often. And, they generate less heat, which can help reduce air conditioner load.

Suggested Applications:

Recessed ceiling lighting
Track lighting
