

The Contents Of Your Briefcase, Reduced To The Size Of A Postage Stamp

Panasonic's John Burnham, Director of Strategic Alliances and Business Development, illustrates how the new Panasonic

1 GB SD Memory Card can hold the equivalent of a briefcase full of photos, documents, video, CDs, slide presentations and more. The postage stamp-sized 1 GB SD Memory Card enables consumers to share content among a rapidly growing number of SD-enabled devices such as digital cameras, camcorders, printers, cell phones, laptop and handheld computers.
