The Power To *Do More*

When you need the power to really do more with your presentations, you need the FP-7760. This high-end copier will help make any presentation shine. We give you the power to really perform and the flexibility to make any copy job a masterpiece.

And if you're looking for the ultimate in convenience, the FP-7760 performs like copier workstations that can cost twice as much. It is packed with multi-tasking features that truly enhance the productivity of your office.

We've Thought Of Everything

We've packed every feature we could think of into the FP-7760. We wanted to make sure that every function, every button, every single detail— no matter how large or how small— would all work together to let you spend less time at the copier and more time doing your job.

Take a look at some of these standard features:

- Photo Mode
- 20-Bin Sorter/Stacker w/3-Position Stapling and 2/3-Hole Punch (standard w/FP-7760SR)
- Intelligent Multi-Bypass 50 Sheet Tray
- 100 Access Codes
- LCD Touch Panel
- Auto Start
- Recirculating Document Feeder
- Frame Erase and Center Erase
- Auto Paper Selection
- Auto Magnification
- Paper Level Indicator

So, if you're looking for the power to do more, check out the FP-7760 Copier. It's everything today's busy office needs to keep moving.
