digital

Panasonic FP-D350F Digital Copier/Fax/Printer

Everything You Would Expect from a Panasonic Copier

Speed

You get a fast first copy time of 3.9 seconds and a high-speed copy/print engine at 35 cpm. Plus, a wide variety of finishing options such as stapling, electronic sorting and hole punching that will make you even more productive.

Flexibility and Reliability

- Scan Once/ Print Many saves wear and tear on the copier.
- Electronic Sorting gives you all the advantages of high-end copy stations.
- Digital SkyShot Mode gives you complete flexibility with smaller sized originals.

Crystal Clear Copies

High resolution 600 x 600 dpi copying and printing with Digital QUANTUM™ technology.

Versatility

With the power of our digital technology, you get convenient features like bi-directional zoom, mirroring, inverting, automatic page numbering, 4-in-1, and automatic centering.

Faxing Capabilities

High Speed Super G3 Transmission

Thanks to the standard Super G3, which incorporates a V.34 33.6kbps high-speed modem, the FP-D350F can transmit a letter size document in as few as three seconds.

Fax Directly from a Book

The platen allows you to easily transmit the pages of a book without having to make copies first— saving time and money.

200-Station Autodialer

You can store up to 200 phone numbers for rapid access via 51 One-Touch Keys or 149 abbreviated dialing.

Batch Transmission Capability

If you have high fax volume, another efficient way to reduce transmission time and costs is to use Real-Time or Delayed Batch Transmission to send multiple jobs to the same destination.

Outstanding Memory Capacity

Standard with 8 MB of memory for storing up to 480 originals. Plus, an optional 300 MB (FA-HD05) hard disk drive is available for optimal image storage capacity!

Check & Call

Developed in order to ensure a quick service response, this unique function automatically reports low toner status and certain mechanical problems to the user for the service center.

Other Features

Substitute Reception, Multi-Station Transmission (up to 220 stations), Deferred Transmission (max. 50 timers), Intelligent Redial (up to 8 files), ITU-T Sub-Address Transmission, Fax Forward, Password Transmission/ Reception, PIN-Code Access, Edit File Mode

Multiple Networkability Options

You have the ability to access and print out documents either from your PC or remotely from any PC on your company Local Area Network using Windows 95/98/NT or Netware operating systems (with options).

The FP-D350F is the one stop solution for all of your document processing needs.
