WORKiO® DP-150 Series – Choose the model with just the features you need!

Bundled Panasonic-DMS Software (DP-150FX)

Panasonic-DMS (Panasonic Document Management System)¹ is a set of five different types of software designed to streamline office workflow. Installed in your PC, it provides comprehensive control over the WORKiO DP-150's operation and the image data it generates. When you scan documents with the DP-150FX, Panasonic-DMS converts them into thumbnail images for easy drag-and-drop editing, annotating, or linking to printing and other applications. A status monitor keeps the user up-to-date on machine functions and indicates problems, such as a paper jam, empty paper drawer or depleted toner.

15 cpm Digital Copier

The WORKiO DP-150 Series Machines can produce up to 15 copies per minute at a sharp, crisp 600 dpi resolution. Even halftone photo originals can be reproduced with maximum clarity thanks to 256-level halftone digital gray scale circuitry. Panasonic's unique Digital Sky Shot, allows you to make copies of small or odd-shaped originals with the platen cover open, without creating a surrounding black background.

High-Resolution Digital Scanner (DP-150FX)

Scanning resolution is selectable among 600², 400, 300, 200 and 100 dpi. You can use 100 or 200 dpi scanning when you want to lighten your image data load, and high resolution 600 dpi scanning when you want your ultimate printout to be as sharp and detailed as possible. The scanner driver incorporated into the DP-150FX is TWAIN compatible to ensure easy connection to your existing PC and its applications.

Professional-Quality Laser Printer (DP-150FX)

In the printer mode, The DP-150FX delivers high-resolution 600 x 600 dpi laser printing — assuring smooth, clean, high-quality documents that make your business look its best.

Super G3 Fax (DP-150FX)

The DP-150FX's Super G3³ fax modem uses ITU-T V.34 compliant technology to transfer a high-quality image in as few as three seconds⁴. With dual access operation, you can receive fax documents even when the machine is already engaged in a copy job. Up to 100 numbers can be stored in the DP-150FX's telephone directory for rapid access. A unique Check & Call function automatically reports low toner status and certain mechanical problems to a service center.

Other Features:

- Compact, Lightweight Wingless Design
- 2-Sided Copying and Printing (DP-150FX)
- 30-Sheet ADF with Electronic Sorting
- TONER SAVE Mode
- ENERGY SAVER Mode
- Optional 250-Sheet Paper Drawer available

¹Recommended PC requirements for Panasonic-DMS software: PC-IBM PC/AT compatible, faster than Pentium II; RAM - more than 64MB (Windows 95/98), more than 128MB (Windows NT 4.0, Windows 2000). ²Interpolated resolution. ³Super G3 is the classification given to a type of facsimile that conforms to the 33.6 kbps transmission method standardization in accordance with the ITU-T V.34 recommendation. ⁴Transmission time applies to memory transmission of text data using ITU-T Image No. 1 between the same models at modem speeds over 26.4 kbps. Transmission time may vary in actual usage. ⁵Individual copy/print speeds may vary depending on individual systems and applications.

WORKiO 150 Series Specifications

Copier

Copy/Print Process	Laser/Electrostatic Photographic Method
Process	TCP/IP, SMTP, POP3, MIME
Warm-Up Time	Approx. 25 Seconds at 68°F (DP-150FX), Approx. 20 Seconds at 68°F (DP-150A)
First Copy Speed	8.3 Seconds (DP-150A/DP-150FX)
Resolution	600 x 600 dpi (Interpolated)
Gray Scale	256 Levels
Multi Copy Speed	Up to 15 cpm (Letter Size)
Maximum Original Size	8.5" x 14" (Legal)
Maximum Copy Size	Legal
Copy Size	Invoice - Legal Via Paper Tray Invoice - Legal Via Sheet Bypass
Reduction Ratios	Preset: 79%, 65%, 61% Variable: 99 - 50% in 1% Increments
Enlargement Ratios	Preset: 129% Variable: 101 - 200% in 1% Increments
Paper Feed	250-Sheet Paper Tray Plus 50-Sheet Bypass Max. 550 Sheets with Optional 250-Sheet Paper Cassette
Exposure Control	Automatic / Manual Plus Photo Mode

Printer (DP-150FX)

Print Resolution	600 dpi / 300 dpi
Print Speed	Up to 15 ppm
Operating Systems	Windows 9x/ME, Windows NT 4.0, Windows 2000/XP
Emulation	Windows GDI
Interface	Bi-Directional Parallel (IEEE 1284, ECP Mode)

Fax (DP-150FX)

Compatibility	ITU-T Group 3 (V.34, V8), ECM
Document Size	Max. 10.0 x 39.3
Resolution	400 x 400 dpi
Transmission Speed	Approx. 3 Seconds/Page
Coding Scheme	MH, MR, MMR
Modem Speed	33600/31200/28800/26400/24000/21600/19200/16800/14400/ 12000/9600/7200/4800/2400 bps with Automatic Fallback
Image Memory Capacity	Approx. 60 Pages (Plus Approx. 120/240* Pages with Optional Memory Card)

General

Type	Desktop
Electrical Requirements	AC120V, 60Hz
Dimensions (W x D x H)	19.5" x 18.6" x 15.1" (DP-150A) 19.5" x 19.2" x 15.1" (DP-150FX)
Weight	49 lbs. (DP-150A) 49.7 lbs. (DP-150FX)
