

# BT-3DL2550 3D DISPLAY PACKAGES AND ACCESSORIES

The 25.5" BT-3DL2550 3D LCD Monitor is a powerful 3D production tool with full 1920x1200 high-quality resolution display providing exceptional color performance, flicker-free 3D content, and a ruggedized frame, in addition to offering high-quality 2D performance. Designed for broadcast and other professional applications, whether used with the AG- 3DA1 professional 3D camcorder or with 3D rigs, the 3DL2550 is equipped with invaluable production tools to help with your 3D production.

Panasonic's new pre-configured 3D monitor packages and accessories offer more ways to use our professional displays. In addition, new cases are available that hold the pre-configured packages and most of the accessories. Plus, the add-on packages can be used with both the BT-3DL2550 3D monitor and the BT-LH2550 2D monitor. Description and pricing available below.
