Dato' Fazley Yaakob
Executive Chef
SukaSucré Bistro

Makes your kitchen look great!

"When you plate the food, presentation is extremely important. It's almost like painting. I want the customer to begin enjoying with the eyes, and then the mind. The taste of the food is the final element of each culinary work of art. The right visual environment can make every meal so much more enjoyable."

PREMIUM FLAT DESIGN

The elegant full-flat glass design gives the kitchen or dining room a refined and modern appearance, creating a premium space for all to enjoy. And the smooth and frameless door is easy to use and highly durable.

PrimeFresh

With partial freezing, just the surface of foods is quickly frozen, preserving flavor. And this makes cooking easier, as there's no need for thawing and foods can be easily sliced.
