

Matsushita Electric Industrial Co., Ltd.

Electronic Circuit Capacitor Division

Re : Supplier Notification

August 20, 2004

Transfer of Electronic Circuit Capacitor Division (ECCD) from MEI to Matsushita Electronic Components Co., Ltd. (MACO)

Dear Sir or Madam:

Please be advised that on October 1, 2004, Matsushita Electric Industrial Co., Ltd (MEI) will transfer the Electronic Circuit Capacitor Division (ECCD) to Matsushita Electronic Components Co., Ltd (MACO). This transfer is being made in order to improve the synergy between the businesses of electronic passive components (MACO) and thin film technology products (ECCD).

As a result of this transfer, the name of the company will be changed as follows:

Before : Electronic Circuit Capacitor Division, Matsushita Electric Industrial Co., Ltd

After : Electronic Circuit Capacitor Business Unit, Matsushita Electronic Components Co., Ltd

All of the products currently manufactured by the Electronic Circuit Capacitor Division, Matsushita Electric Industrial Co., Ltd, such as Film Capacitors and Thin Film Technology Products, will be transferred to the Electronic Circuit Capacitor Business Unit, Matsushita Electronic Components Co., Ltd.

Yours truly,

Kazuichi Yamashita

Director
