

Frequently Asked Questions

Appliance

Refrigerators:

Q1: Can I use my Panasonic fridge which is purchased from Saudi Arabia in Egypt?

A1: It's not recommended due to difference of Hz.

Q2: Can you please confirm the operating voltage and frequency for Panasonic NR-BS60MSSA as I am willing to use with 220V 50Hz? Compressor mention 50/60Hz.

A2: Panasonic model NR-BS60MSSA is for KSA market and designed for usage in 60Hz. For 50Hz the model number is different.

Even on compressor it mentioned 50/60 still cannot use in 50Hz region due to PCB and other controller parts will not match.

Q3: What is the power information of Panasonic NR-B651BW?

A3: In order to run Panasonic NR-B651BW:

Power source: AC 220~240V/50Hz

Running capacitor: 6 μ F/400V.
