鮮 EXPERIENCE
FRESH

Bring home a Microchef.
Bring home good health.

PANASONIC MICROWAVE OVENS. THE HEALTH-CONSCIOUS MICROCHEF.

A Better Life, A Better World

CHEF SECRETS

Use microwave safe bowl. Timing may vary from model to model.

COOK HEALTHY. SERVE HAPPINESS.

BAKE IT. MAKE IT. ROAST IT. TOAST IT. GRILL IT. FEEL IT. HEAT IT. EAT IT.

Gone are the days when cooking was just a daily chore. Today, the art of cooking has broken the walls of modern kitchen and evolved as a creative pursuit, finding its niche amidst offline and online social spaces alike.

Standing true to its commitment to deliver healthy, fresh food experiences, Panasonic Microwave Ovens and Kitchen Appliances introduce the EXPERIENCE FRESH concept. It takes its inspiration from "Washoku" - the Japanese passion for precision & attention to detail for preparing fresh seasonal foods.

Japanese cuisine is renowned as one of the healthiest and tastiest in the world. EXPERIENCE FRESH unites the Japanese culture and technology to mirror a new desire for healthy fresh food experiences and bespoke authentic design details at home. It transforms the kitchen into a social hub to strengthen family and community bonds.

Just like a true Micro-chef.

ALL IN ONE. ONE FOR ALL.

Auto Cook Menu

Take a break from everyday cooking with 365 preloaded recipes of the Auto Cook Menu*; that lets your Microchef treat you with delicious & healthy recipes at the touch of a button.

MAGIC GRILL

TWO WAY HEATING FOR FASTER COOKING

Dual grills (top and back) work simultaneously to quickly prepare foods that are crispier outside and juicier inside.

360° HEAT WRAP

HEAT WAVE DUCTS FOR UNIFORM COOKING

Panasonic Microwave Ovens are equipped with advanced Heat Wave Ducts, to ensure faster cooking and uniform 360° heat distribution for a perfectly finished food.

Rotisserie

The Motorized Rotisserie makes grilling, a child's play and lets you treat yourself with crispy, juicy and delicious roasts. Try using the double heater for best results.

*Feature may vary from model to model.

GREAT TASTE. LIGHT ON WAIST.

Feast on your favorite recipes without worrying about those extra calories. Panasonic Microwave Ovens bring you complete set of preloaded auto menu recipes that help you make delicious, low calorie recipes without using a single drop of Oil, Butter, Margarine or Ghee!

* a. Consult your medical professional/ dietician before using any recipe if you have concerns about how you may individually react to the use of any particular recipe or ingredient. Panasonic shall not be liable in case of any damages/ claims/ loss.

b. All information provided regarding nutrition is intended to be used for informational purposes only and is not a medical advice.

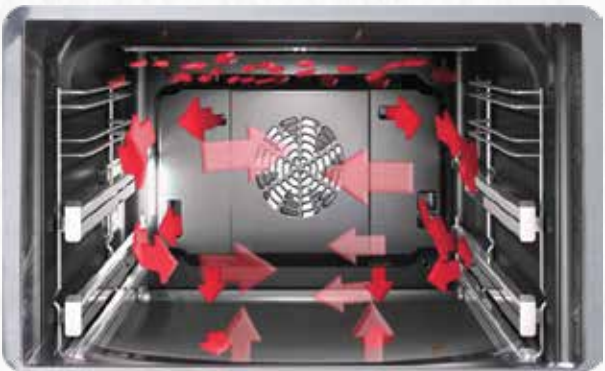

EVEN COOKING. ZERO BURNS.

BEST FOR MAKING: PIZZA, CHEESECAKES
AND SPONGE CAKES

HOW IT WORKS:

- 1 There are 5 air vents on the back plate; the central vent for air inlet and the rest for air outlet.
- 2 The heater and fan assembly work together, with the fan blowing hot air into the cavity.
- 3 When the hot air goes through the inlet, the back plate creates a negative air pressure, making the hot air circulate inside efficiently. And hence, ensuring that the food is not overcooked*.

**Multi level
baking tray**

*Subject to strict adherence to the operating and cooking instructions in the operating manual.

vapor CLEAN

CLEANER CAVITY. SAFER COOKING.

Now your gulab jamun won't smell like noodles. With the 'Vapor Clean' feature, clean the cavity of your microwave and make it odor and stain free at the touch of a button. Panasonic brings you the cleansing power of water vapor to deliver a clean and hygienic microwave cavity, completely free from bacteria and bad odors.

MICROWAVE WITH VAPOR CLEAN

MICROWAVE WITHOUT VAPOR CLEAN

SIMPLE STEPS TO CLEAN YOUR PANASONIC MICROWAVE

Place a bowl* of water
in the oven (300ml)

Add a slice of lime and
few drops of vinegar
(optional)

Press 'Vapor
Clean' button

Vapour is
generated inside

Wipe the Cavity Clean after the
operation is completed**

*Use microwave safe bowls only. ** The contents of the Microwave and inner chamber may be hot, kindly observe caution while handling it.
