

PRODUCT FEATURES

- ▶ Super quiet with noise level only 31dB(A) @ 1m on high speed
- ▶ DC motor for superior performance and energy efficiency
- ▶ Constant air volume output promises performance and widens spec-in solutions
- ▶ 24 hour ventilation settings to avoid mould and damp issues
- ▶ Built in 15 minute run-on timer, no external timer is required
- ▶ Built in backdraft damper meets BCA requirements
- ▶ Slim profile and compact design making it suitable for tight ceilings
- ▶ Light weight making installation easier
- ▶ Intelligent motion sensor detects human activity for auto on/off (FV-24JR2 only)
- ▶ Peace of mind with 3 year parts and labour warranty

FV-24JR2 (WITH MOTION SENSOR)

FV-24JA2
