 - **Non-rechargeable batteries are not to be recharged.**
Failure to do so may cause overheating or explosion of the battery, injury or contamination of surroundings due to leakage.

The symbol on the left means "Do not wash the product with water".

Important information

- Dry shave only.
- Do not immerse the main body in water or pour water over it. Doing so may damage it.
- Do not operate the appliance with sunscreen or perfume, etc. sticking to your hands. If sunscreen or perfume, etc. adheres to the main body, please remove it. Otherwise such substances may cause deterioration of the plastic or malfunction due to cracks.
- Do not drop or hit against other objects.

Parts identification

- Ⓐ Head
- Ⓑ Power switch [0/1]
- Ⓒ Battery cover
- Ⓓ Blade
- Ⓔ Blade release button
- Ⓕ Protective cap

A battery is not supplied.
Please purchase it separately.

Installing the battery

- Always attach the protective cap when installing or replacing the battery.
 - Make sure the power switch is in the "0" position.
1. Pull the battery cover to remove it.
 2. Check ⊕ ⊖ and insert the battery.
 3. Attach the battery cover.
Press firmly until it clicks.

Notes

- You can use the appliance for approximately 1 month with the Panasonic LR03 (AAA alkaline battery).
(When used in an environment at a 20 °C room temperature, twice a week, and five minutes at a time.)
- Use only LR03 (AAA alkaline battery). Manganese batteries significantly degrade performance.

Instructions

- When you use the appliance for the first time, apply the appliance to your skin softly and shave off the hair gradually.
- Do not use the appliance on your face.
- ▶ **Preparations**
 - Wipe off moisture or sweat on your skin.
 - Do not apply skin lotion, milky lotion, powder, or antiperspirant etc. Keep your skin clean and dry.

1 Hold the centre of protective cap and remove it.

2 Slide the power switch to "1" and shave.

- Set down the blade and apply it along your skin.
- Move the appliance toward the direction indicated by the arrow slowly against the hair flow.

Example of use

Underarms

Move in several directions

Arms

Inwards from the outside of the arm

Hands/fingers

Inwards from the outside

Legs

Upwards from the bottom of the leg

Nape of the neck/back

Upwards from the bottom

Bikini line

Upwards from the bottom
• Wear your swimsuit or shorts, and determine the line you want to shave beforehand.

3 Set the power switch to "0".

4 Attach the protective cap.

- To prevent deformation or damage to the blade, or attachment of foreign objects, be sure to attach the protective cap after using the appliance.

Replacing

- Be sure to set the power switch to "0" when installing or removing the blade.

Removing the blade

- Support the head of the shaver with your fingers so that it does not swing excessively.

- Slide the blade release button in the direction of the arrow.

- It is easier to slide the blade release button by using your fingernail.

- Remove the blade toward the direction indicated by an arrow.

- Lift the resin section with your fingernail.

Attaching the blade

- Support the head of the shaver with your fingers so that it does not swing excessively.

- Insert the hook at the end of the head into the hole on the blade to attach it.

- Slide the blade release button in the direction of the arrow.

- It is easier to slide the blade release button by using your fingernail.

Cleaning

- This appliance cannot be washed with water. Clean it up with a dry cloth.
- Be sure to set the power switch to "0" before cleaning.
- Do not wipe the main body with alcohol, nail polish remover or detergent (hand cleansers) etc. Doing so may cause malfunction, cracking or discoloration of the parts. → Clean with a well-wrung cloth immersed in diluted soapy water.

- Remove the blade and clean it with a dry cloth.
 - It is not possible to disassemble the blade.
- Attach the blade. (See page 7.)

Troubleshooting

If the problems still cannot be solved, contact the store where you purchased the appliance or a service centre authorized by Panasonic for repair.

The appliance is not cutting as well as before.

- Replace the blade.
- Guidelines for replacement**
 - Approximately 1.5 years
- Replace with a new battery.
- Clean the hair dust.

The appliance is not working.

- Clean the hair dust.
- Make sure the battery is installed correctly.
