Wi-Fi® QUICK SETUP GUIDE

Home Theater Audio System Model No. SC-ALL70T SC-ALL30T

Thank you for purchasing this product.
Please read these instructions carefully before using this product, and save this manual for future use.

1 Connect

NOTE: Do not connect the LAN cable.

2 Turn On Unit

3 Enter Network Setup

1 SETUP

Press repeatedly until "NET SETUP" is indicated.

NET SETUP

2 [Down Arrow] or [Up Arrow] → OK

MANUAL

3 [Down Arrow] or [Up Arrow] → OK*

OK? YES WAIT

SETTING

* After pressing [OK] to confirm "OK?YES", the previous network connection you have set with this system will be cleared.

4 Configure with Smartphone/Tablet

Go to wireless settings on your smartphone or tablet.

Select "AllPlay [] [] [] [] [] []_AJ".*

* This can sometimes take 1 minute to appear.

NOTE: If you encounter an error message asking you to reconfigure your router to WPA2 security, please refer to your router's manual or contact your service provider for instructions on how to do this.

Name your device e.g. Kitchen, Lounge or whatever you would like it to appear.

NOTE: If this page is not automatically displayed, type "http://172.19.42.1" into your internet browser URL address field.

Select your network. (enter password if needed)

Wait a few seconds and...

...you're connected!*

* After a short wait, your smartphone/tablet should be automatically reconnected to your Wi-Fi network. In case you are not reconnected automatically, please re-select your Wi-Fi network from the settings / Wi-Fi settings menu on your device.

SUCCESS — "!" lights up solid.

5 Download App

Download the free "Panasonic Music Streaming" app

iOS : App Store

Android : Google Play™
