## Capture your National Trust memories just as you remember them...

Alongside our partners, the National Trust, we are giving you the opportunity to take a photo walk around a variety of National Trust properties with Lumix G Ambassadors to learn how to capture your images perfectly.

The beautiful surroundings of National Trust properties are a thing to remember, something you want to capture on camera as you saw them, whether it is a moment with the family or a beautiful landscape shot. You will be able to get hands on with the latest 4K Lumix models in the range, learning how to film in 4K video and then extracting 4K photos from your footage. The evolution of 4K photo means you are able to capture your surroundings exactly as you saw them, never missing a moment.

Find the National Trust property that suits you, put the date in your diary, then come along to get to grips with the latest in the Lumix range and learn how to capture your memories just as you remember them...
