Creating a clean space for cats and customers

YOU MAO is a top-rated Ragdoll cat cafe in Shanghai. There are many cats in the store, and they are crowded together, which will inevitably produce an odour. At the same time, bacteria and viruses in some cats may also infect other cats. The store uses ziaino™ as an integrated solution to these issues. ziaino™ can inhibit pollutants and reduce odours by using hypochlorous acid. As a result, customers can interact with their pets in a clean and comfortable environment.
