As a comprehensive manufacturer of electrical appliances, Panasonic offer a wide range of solutions

Vista Billabong High International School is one of India's leading integrated schools, from preschool to primary and middle school, with sister schools abroad. The school evaluated a proposal combining air conditioners with lighting and wiring fixtures from Panasonic Life Solutions India. As a comprehensive manufacturer of electrical appliances, Panasonic's strength lies in its ability to offer a wide range of solutions beyond simply air conditioning. We have also concluded an annual maintenance service contract with the school and will continue to support them for a long time to come.
