## Protecting the sanitary environment for airport employees

As China is stepping into the post-pandemic era, border control ports have become the main barrier to epidemic prevention and control. The Yichang Branch of the Hubei International Travel Health Care Centre chose to allocate six ziaino™ units to ensure the health and safety of border inspectors. ziaino™ is highly effective against both airborne and adherent bacteria, and protecting the safety of goods and the health of personnel.
*Comments are based on personal impressions.

No. of units installed: 6 units
City / Country: Yichang, China
