NOTIFICATION

*1: The volume reduces if you use the unit with the USB cable connected.
*2: Continuous operating time and charging time depend on the operating conditions and the surrounding environment.
*3: Sound quality set to the factory settings, with a sound source stipulated by Panasonic, at Vol 8
*4: When using a USB AC adaptor (optional) that is capable of supplying an output current of 1500 mA at 5 V DC. Ambient temperature 25 °C (77 °F) / When recharging a fully discharged battery.
*5: Operation may stop when supplied from a device that does not have the recommended power capacity (output current of 900 mA or more), but this does not indicate a malfunction.
*6: An audio cable for connecting an active subwoofer (optional) is not supplied. As noise may occur, use an audio cable (optional) that is 3 m (9.8 ft) or shorter.
*7: Before connecting with other devices, be sure to read the operating instructions for each of the devices.
*8: Operation is not guaranteed on all computers that are running the supported OSs.
