High Durability (30,000 times plug-in/out)

Panasonic secures a strict standard for product quality and durability and it realizes to be used in safety not only for residential use but also for several public spaces that a lot of people use like airports and cafes. And the 30,000 times plug-in/out is superior than our current USB charger (20,000 times) and other USBs sold in market (5,000~10,000 times).
