

Product Fiche

(EU) No.392/2012

Supplier's name			Panasonic
Supplier's model identifier			NH-P80S1
Rated capacity in kg of cotton laundry for the standard cotton programme	At full load	kg	8
Type of dryer			Condenser with heat pump
Energy efficiency class			A++
Weighted annual energy consumption		kWh/year	212
Energy consumption in kWh per year, based on 160 drying cycles of the standard cotton programme at full and partial load, and the consumption of the low-power modes. The actual energy consumption per cycle will depend on how the appliance is used.			
Automatic tumble drier			Yes
Energy consumption for the standard cotton programme	At full load	kWh	1.67
	At partial load	kWh	1.05
Power consumption for the standard cotton programme at full load	Off-mode	W	0.18
	Left-on mode	W	1.36
Duration of the left-on mode		min	10
The 'standard cotton programme' used at full and partial load is the standard drying programme to which the information in the label and the fiche relates, that this programme is suitable for drying normal wet cotton laundry and that it is the most efficient programme in terms of energy consumption for cotton.			
Weighted programme time of the standard cotton programme	At full load and partial load	min	136
Programme time of the standard cotton programme	At full load	min	170
	At partial load	min	110
Condensation efficiency class on a scale from G (least efficient) to A (most efficient)			B
Average condensation efficiency of the standard cotton programme	At full load and partial load	%	85
Weighted condensation efficiency of the standard cotton programme	At full load and partial load	%	85
Sound power level for the standard cotton programme	At full load	dB	65
Freestanding appliance			Yes
